Manager

The BANK of NOVA SCOTIA

Mr. Albert Hauptman owner of the St.
Albert Drive-In Theatre has managed in
co-operation with the Management of
the Golden West Drive-In Theatre to
present to the families of St. Albert
and district the Premiere of the most
entertaining movie "Island of the Blue
Dolphins". It was a good idea to bring
this movie during the holidays so that
many families can enjoy this real
human story, in a time now long past,
on a remote island off the coast of
California, where lived the remnants

of an Indian tribe in the primitive
village of Ghalas-at. Far from the
wonderings of intrepid sea voyagers,
the red men seldom knew visitors. The
story, based on recorded fact, shows
how through self-reliance and accept-
ance of fate a shattering ordeal was
turned into an uplifting triumph of the
human spirit. There are impressive
outstanding praises for this movie:-
"The Island of the Blue Dolphins" is
inspirational in conception and
magnificent in execution - a sad, joyous
exquisitely beautiful story for adults,
for children, for the entire human race
Supreme Court of the
United States.

"Island of the Blue Dolphin" is a de-
lightful story. It is full of action
and excitement but is much more than
an adventure story. It is the story of
a girl who accepted the unusual situa-
tion in which she found herself and
faced it realistically, courageously,
and creatively. Many of us are called
to respond in a similar way when faced
with much less difficult situations.

National Council of the
Churches of Christ.

It gives me great pleasure to be able
to recommend most highly, the Universal
picture entitled "Island of the Blue
Dolphin". There is much credit to be
given to the industry as a whole, for
undertaking such an inspiring film.
It seems to me that this is the type
of picture that every American boy and
girl should see, and I might add, it
would profit a great deal also, if their
parents would see the film with them.

(Rev.) C. Albert Koob, O.Pream.

The National Catholic

Educational Association.

Washington, D.C.

A special colouring contest is set up
for this event and every boy and girl
in St. Albert and district can partici-
pate, there are very nice prizes for
instance boys and girls bicycles.
Nobody should miss to see this human
drama not only for yourself and your
family but also to encourage the
management of our St. Albert Drive-In
Theatre to surprise us with further
Premiere attractions.

CIVIC DAY 1964

Civic Day night our local S.D.S.P. ran over to the Bank of Montreal, because the burglar alarm was ringing, they expected a burglar who was trying to pick a part of the millions in the bank, they were very much surprised when they discovered the burglar was Mr. Jean Roussett, Manager of the bank, who, as treasurer of the Chamber of Commerce, wanted to enter the bank of the bank to deposit the monies of the Civic Day. He was accompanied by Dick McJee the man in charge of the Bar Raffle. Mr. Roussett has handled the back door in the wrong way which caused the alarm, anyway, for everybody a warning not to enter the bank of Montreal by the back door.

An error The original sportsman trailer raffled by the Senior Sports Committee during Civic Day was manufactured by Joyer Sheet Metal Ltd. St. Albert and not as we mentioned last week by Lynx Industry.

ST. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT No. 8

The St. Albert Protestant Separate School Board has announced the awarding of contracts for the construction of an eighteen room school in Grandin Park. At its meeting held on August 6th, the Board accepted the low tenders subject to the approval of the Minister of Education. It is hoped that work will commence within the next few weeks. The total contract price on the new school amounts to \$365,405 or \$12.15 per square foot. This will mean that the entire 1964 building programme has been completed under the Foundation Programme and without any projected cost to the local St. Albert taxpayer. The Leo Nickerson Elementary School in Sturgeon Heights has just been completed at a contract cost of \$11.25 per square foot. The Foundation Programme allows \$13.00 per square foot. The new Grandin Park addition will be similar to the Leo Nickerson School in several respects. Grandin Park will be built in four room clusters instead of the two room concept as seen at the Leo Nickerson School. Both schools have been planned for the very minimum of maintenance costs using as many up-to-date, proven maintenance free materials as are possible to use. It is felt that the classroom cluster concept will provide greater flexibility in the school program and function as well as reducing the size of the school for the youngster entering a large building for the first time on his own. In keeping construction costs within those provided by government grant and reducing maintenance costs to a minimum, the school board is demonstrating its policy to channel the supply of funds into those areas more directly connected with education where the student is most likely to derive an educational benefit from the money being spent. At least three St. Albert teachers and over seventy-five students will be pleased to know that the Board has approved the sale of

its three portable schools to the Port Vermilion School Division. These units have proven to be high in maintenance costs and left a lot to be desired by teachers and students. As a result of the terms of sale, St. Albert taxpayers will have seen the portables come and go without any capital or debt cost. It is hoped that Ministerial approval will have been received to complete the sale within the next week.
